#### **Talking Tarot: The Symbols Speak** **Wednesday, September 14 7 – 9 pm (tonight!)** **\$7 (half goes to support the Library)**

The Tarot Group has been an incredibly spiritual bonding experience, not to mention just plain fun. Few if any of our classes have required any prior knowledge of the Tarot, but all have required a willingness to explore our own intuition.

This series will again approach the Tarot from that viewpoint, learning about it by speaking its own language – that of symbolism.

If you own a Tarot deck, please bring it for our weekly spread. But we always have extra decks, so it's not necessary to purchase one.

Contact Kathy Eckert at [kathy@seattlemetaphysicallibrary.org](mailto:kathy@seattlemetaphysicallibrary.org) or just show up – What's Tarot without Serendipity?

#### **Emotional Freedom Techniques** **Tapping Meeting** **with Dena Przybyla** **Thursday, October 15 (tomorrow!)** **7 – 8:30 pm \$15**

Emotional Freedom Techniques (also known as EFT or "tapping") is a simple meridian balancing technique that can produce rapid healing results. It has been described as "acupuncture without the needles." Instead of using needles, we tap while holding in mind the physical or emotional issue we wish to clear.

#### **Ancient Aliens and Human History Study Group** **Monday, November 2 7 – 9 pm** **Free for members, \$5 for non-members.**

Our book this month is *Atlantis, the Antediluvian World* by Ignatius Donnelly. All our library copies are checked out, but you can buy it used on Amazon for 1 cent + \$3.99 shipping = \$4.

This is an older book, and does not have a lot of the newer material, but we chose it because it is a classic that almost all researcher reference.

You need not have read the book to attend the discussion, where those who have read the book will recount to what they remember, and we can encourage and discuss our understanding of the book. This is a good way to learn complex information, and helps everyone get a better understanding of the material.

#### **The Soul of Ancient Egypt: Restoring the Spiritual Engine of the World** by Robert Bauval and Ahmed Osman (2015)

Exploring the exemplary social and cultural model that produced the golden civilization of ancient Egypt as well as the many waves of conquest and destruction up to the present day, Robert Bauval and Ahmed Osman examine each phase of Egyptian history from its origins and the Pharaonic period, through the Roman conquest and its Christianization, to the Pan-Arabization of Nasser and the ongoing Islamization that began with the Muslim caliphate in the 7th century.

#### **Sex, Love, and Dharma: Ancient Wisdom for Modern Relationships** by Simon Chokoisky (2015)

He provides self-tests to determine your dharma type and outlines unique ayurvedic diet, exercise, detox, and lifestyle tips for each type to reclaim your health and vitality and, by doing so, your sexiness. ## Initiation Into Hermetics: A Course of Instruction of Magic Theory and Practice

By Bardon Franz (1993)

The great mystery of the Tetragrammaton, the key to the tetrapolar magnet, is explained. In the theoretical section many secrets are unveiled which were once only known to very few. ## The Kabbalistic Mirror of Genesis: Commentary on the First sThree Chapters

By David Chaim Smith (2015)

Smith deconstructs each line of the first three chapters of Genesis with esoteric methods derived from the oral teachings of the kabbalah. The ten sefirot (the Tree of Life) are a unified interdependent whole forming the template through which creative diversity manifests. This new interpretation removes the concept of a creator God and transcends the contrasting notions of Being and Non-Being to awaken a new understanding of Unity and the fathomless depth of Infinity.

## Science Of Breath: A Complete Manual Of The Oriental Breathing Philosophy Of Physical, Mental, Psychic And Spiritual Development
