## New Hours – closed most Mondays

We have a new staffer, Nina Heffner, also known as Spirit Bear. She will be working most Saturdays. Kathy will still be working on the 4<sup>th</sup> Saturday, the same day as her Tarot class. We will be closed many Mondays. Before coming in on a Monday, please email [contact@SeattleMetaphysicalLibrary.org](mailto:contact@SeattleMetaphysicalLibrary.org), or call the Library after 2:30 at (206)320-1794 to see if we will be open. That email is only read once or twice a day, so best not to wait until the last hour or two to email.

## Membership Dues Increasing Next Month

In an on-going imperative to keep the Library smoothly functioning in the face of increasing costs, including another rent hike, we will be raising the cost of annual membership to \$50. This is only \$4.16 a month – a bargain!

If your membership will be coming up for renewal soon, you might want to be sure to pay before April 1, when it becomes more expensive.

## Events

### Tarot Class with Kathy Eckert Images of Imbolc

**Saturday, February 24, 10:30 am – 1 pm**

**\$10 – half goes to support the Library**

This month, we'll continue our Tarot travel around the Wheel of the Year, focusing on the coming solar holiday of Ostara. With the greater light and warmth that comes with the Vernal Equinox, we are transitioning to lives of greater power with the determined movement of The Chariot, aided by the confident creative abilities of The Magician and the speed and accuracy of The 8 of Wands. With that spirit of energetically growing enthusiasm, I look forward to seeing you then!

Kathy thinks it would be fun if people brought refreshments - finger food, rather than casseroles, etc.

If you have any questions, please email Kathy at [Kathy@SeattlemetaphysicalLibrary.org](mailto:Kathy@SeattlemetaphysicalLibrary.org)

Come—Come—Come!

The Knowledge Book has been prepared to most effectively facilitate our evolvement until we reach the 7th Evolutionary dimension of the Genuine Human. Within, the Cosmic Technological dimension has introduced to our planet a technology called the Light-Photon-Cyclone Technique.

We study to:

- ☐ Accelerate evolution,
- ☐ Stimulate the operational functions of our brains,
- ☐ Take us out of depression,

- 
- ☒ Offer Universal Truth,
  - ☒ Protect and make us stronger, spiritually and physically,
  - ☒ Stimulate and supervise expansion of awareness and consciousness,
  - ☒ Receive answers to all questions in our minds.

Come and find out how to study the Knowledge Book!
